

Hello Everyone!

I am really excited to meet you all soon. Before we meet, I want you all to take a personality test via the below link;

<https://www.16personalities.com/free-personality-test>

You will get a "Type" which will be a four letter word, followed by a letter „A" or „T". Please keep it handy or remember your type for a more meaningful session.

Things to remember while taking the test;

- 1) There is no good or bad type. Do not answer thinking about "what is right" but "what you feel is right or how you actually behave in a particular situation. No filters!
- 2) Sit at a place where there isn't much disturbance. You should be relaxed and must focus on the test when taking it.
- 3) Complete the test in one go
- 4) Usually your first instinct is true. Giving too much thought to an answer can make you select an answer which is pro how you "want to be" and not "how you are".

Have a great day!

Regards
